NOTIFICATIONS.

Dated, the 14th March 1883.

No. F.-12-L.—23-A. C.—Under Rule 15 of the Indian Legislative Rules, the Governor-General has been pleased to order the publication in the Gazette of India of the following Bill, together with the Statement of Objects and Reasons relating thereto, and the Bill and Statement of Objects and Reasons are accordingly published for general information :—

Bill No. 24 of 1883.

A Bill further to amend the Indian Stamp Act, 1890.

Whereas it is expedient further to amend the Indian Stamp Act, 1890, for the purpose hereinafter appearing; It is hereby enacted as follows :—

1. This Act may be called the Indian Stamp (Amendment) Act, from 1883.

III-4

Amended
of Schedule I
and II of
1928.

2. In Article No. 47 in Schedule I to the Indian Stamp Act, 1898, that after Section C, the following Division shall be inserted, namely :—

"C.—Insurance by way of indemnity against liability to pay damages or cost of accidents to workmen employed by or under the master or against liability to pay compensation under the Workmen's Compensation Act, 1923, for every Rs. 100 or part thereof payable as premium One anna."

STATEMENT OF OBJECTS AND REASONS

Before the Workmen's Compensation Act, 1923 (VIII of 1923), was brought into force, it was noted that insurance policies to cover workmen's compensation would be liable to duty under No. 47 D of Schedule I of the Stamp Act, 1898 (II of 1898), and that the sum insured being the maximum possible amount of compensation payable under the policy, namely, Rs. 3,000 for each workman, the sum payable in the case of permanent disablement, the stamp duty payable on such a policy under item 41 D would be so high as actually to prohibit insurance, namely, Rs. 1-6 per workman. After consulting Local Governments it was decided, as an emergency measure which could be carried through before the date when the Workmen's Compensation Act came into force, to reduce the stamp duty chargeable on such policies by the use of powers conferred upon the Governor-General in Council by clause (a) of section 8 of the Indian Stamp Act, 1898, and Notification No. 2643 of the Government of India in the Finance Department (Central Government) was issued on the 26th of June 1924 reducing the stamp duty to one-tenth per cent of the premium payable.

After the issue of that notification, a commission was received from one Local Government supporting a proposal that the stamp-duty should be fixed at a uniform rate of eight annas for each policy, irrespective of the number of workmen covered, with the alternative suggestion that, if a rate had been definitely decided upon, the rate might reasonably not to be more than one anna for every Rs. 125 of premium. The Government of India again consulted all Local Governments, themselves expressing a preference for a scale on the grounds; since, that it might provide for an even smaller fee than eight annas in the case of a policy covering the workers in a small factory; and secondly, that there was no obvious reason why the duty should be the same in the case of a small factory and in that of a large one since it was the owners of small factories who needed to be encouraged to insure. All Local Governments have agreed to the proposal that the rate should be fixed at one anna for every Rs. 125 of premium paid, and the object of the proviso of Bill is to give effect to this agreement. The rate proposed is appreciably less than that now in force under the notification quoted above.

Dated, 2nd March 1925.

REMARKS:

Bill No. 4 of 1925.—The Madras Holloway Institution (Amendment) Bill and Gazette.
Bill No. 8 of 1925.—The Madras Detention, Maintenance and Local Funds (Amendment) Bill.

Bill to be introduced in the Council of the Governor of Fort St. George for the purpose of making Laws and Regulations.

Under rule 18 of the Madras Legislative Council Rules, the following Bill, together with the Statement of Objects and Reasons, is published for general information:—

BILL NO. 7 OF 1925

A Bill to make provision for the establishment and regulation of Borstal schools for the detention and training of adolescent offenders.

WHEREAS it is expedient to make provision for the ^{President's} establishment and regulation of Borstal schools in the Presidency of Madras for the detention and training of adolescent offenders therein; and WHEREAS the previous sanction of the Governor-General under section 80-A of the Government of India Act has been obtained to the passing of this Act; It is hereby enacted as follows:—

PART I

PRELIMINARY.

1. (1) This Act may be called the "Madras Borstal Schools Act, 1925."
1794

(2) The Local Government may, by notification, from time to time, apply the whole or any of the provisions of this Act to adolescent offenders or any class thereof in any local area in the Presidency of Madras, from such date as may be specified in the notification and may cancel or modify such notification.

Definitions. 2. In this Act, unless there is anything repugnant in the subject or context—

(1) 'Adolescent offender' means any person who has been convicted of any offence punishable with imprisonment or who having been ordered to give security under section 118 of the Code of Criminal Procedure has failed to do so and who at the time of such conviction or failure to give security is not less than 16 nor more than 21 years of age;

(2) 'Borstal school' is a corrective institution wherein adolescent offenders, whilst detained in pursuance of this Act, are given such industrial training and other instruction and are subjected to such disciplinary and moral influences as will conduce to their reformation and the prevention of crime;

(3) 'Inspector-General' shall mean the Inspector-General of Prisons and shall include any officer appointed by the Local Government to perform all or any of the duties imposed by this Act on the Inspector-General.

3. For the purpose of this Act, the Local Government may establish one or more Borstal schools.

**Establishment of
Borstal schools
etc.**

4. (1) The Local Government may make rules for the purpose of carrying into effect the provisions of this Act.

(2) In particular, and without prejudice to the generality of the foregoing power, such rule may be made with regard to—

- (a) the control and management of Borstal schools established under this Act;
- (b) the appointment, powers and duties of officials in such schools;
- (c) the constitution, powers and duties of visiting committees;
- (d) the classification, treatment, maintenance, education, industrial training and control of the inmates;
- (e) the temporary detention of adolescent offenders until arrangements can be made for sending them to Borstal schools.

(3) All rules made under this section shall be published in the local official gazette and, on such publication, they shall have the same effect as if enacted in this Act.

5. Subject to any alterations, adaptations and exceptions made by this Act and the rules framed under it, the Prisoners Act, 1894, and the Prisoners Act, 1900, and the rules framed thereunder shall apply in the case of every Borstal school established under this Act as if it were a prison and the inmates prisoners.

6. The powers conferred on Courts by this Act shall be exercised only by (a) the High Court, (b) a Court of Session, (c) a District Magistrate, (d) a Subdivisional Magistrate, (e) a salaried Presidency Magistrate and (f) any Magistrate of the first or second class specially empowered by the Local Government in that behalf; and may be exercised by such Courts whether the case comes before them originally or on appeal.

7. (1) When any Magistrate not empowered to pass sentence under this Act is of opinion that an adolescent offender is a proper person to be detained in a Borstal school, he may, without passing sentence, record such opinion and submit his proceedings and forward the adolescent offender to the District Magistrate or Subdivisional Magistrate to whom he is subordinate.

(2) The District Magistrate or Subdivisional Magistrate to whom the proceedings are so submitted may make such further inquiry (if any) as he may think fit and may pass such sentence or order dealing with the case as he might have passed if such adolescent offender had originally been tried by him.

PART II

COMMITAL TO BORSTAL SCHOOLS

8. Where it appears to a Court having jurisdiction under this Act that an adolescent offender should, by reason of his criminal habits or tendencies, or association with persons of bad character, be subject to detention for such term and under such instruction and discipline as appears most conducive to his reformation and the repression of crime, it shall be lawful for the Court, instead of passing a sentence of imprisonment, to pass a sentence of detention under penal discipline in a Borstal

school for a term which shall not be less than three years and shall not exceed five years:

Provided that, before passing such sentence, the Court shall consider any report or representation which may be made to it by or on behalf of the Inspector-General as to the suitability of the case for treatment in a Borstal school and shall be satisfied that the character, state of health and mental condition of the offender and the other circumstances of the case are such that the offender is likely to profit by such instruction and discipline as aforesaid.

Limitsation on power conferred by section 8

9. Any person detained in a Borstal school for failure to furnish security when ordered to do so under section 118 of the Code of Criminal Procedure, 1898, shall be released on furnishing such security.

Power of Inspector-General to transfer prisoners to Borstal schools

10. The Inspector-General may, subject to rules made by the Local Government, if satisfied that any adolescent offender undergoing imprisonment in consequence of a sentence passed either before or after the passing of this Act might with advantage be detained in a Borstal school, direct that such person shall be transferred from prison to a Borstal school, there to serve the whole or any part of the unexpired residue of his sentence. The provisions of this Act shall thenceforward apply to such person as if he had been originally sentenced to detention in a Borstal school.

Preliminary Inquiry and finding as to age of adolescent offender

11. (1) Before passing a sentence under section 8 the Court shall inquire into the age of the offender and, after taking such evidence (if any) as may be deemed necessary, shall record a finding thereon, stating his age as nearly as may be.

(2) A similar inquiry shall be made and finding recorded by every magistrate not empowered to pass sentence under section 8 before submitting his proceedings and forwarding an adolescent offender to the District Magistrate or Subdivisional Magistrate as required by sub-section (1) of section 7.

Government to detain in Borstal school in cases of minor offenders

12. Every adolescent offender directed by a Court to be sent to a Borstal school shall be sent to such Borstal school as the Local Government may, by general or special order, appoint for the reception of adolescent offenders so dealt with by such Court.

Provided that, if accommodation in a Borstal school is not immediately available for such adolescent offender, he

may be detained in a special ward or such other suitable part of a prison as the Local Government may direct until he can be sent to a Borstal school. The period of detention so undergone shall be treated as detention in a Borstal school.

13. The Inspector-General may at any time order ^{removal}
an inmate to be removed from one Borstal school to another, provided that the whole period of his detention in a Borstal school shall not be increased by such removal.

14. (1) Where a person detained in a Borstal school is reported to the Local Government by the Visiting Committee of such school to be incorrigible or to be exercising a bad influence on the other inmates of the school, the Local Government may commute the unexpired residue of the term of detention to such term of imprisonment, of either description as the Local Government may determine, but in no case exceeding such unexpired residue.

(2) The Local Government may, subject to general or special directions, delegate the power conferred by subsection (1) to the Inspector-General or any District Magistrate.

PART III

RELEASE OR LICENCE

15. (1) Subject to any general or special directions of the Local Government, the Inspector-General, on the recommendation of the Visiting Committee, may at any time after the expiration of six months from the commencement of the term of detention, if satisfied that there is a reasonable probability that the inmate will abstain from crime and lead a useful and industrious life, by licence permit him to be discharged from the Borstal school, on condition that he be placed under the supervision or authority of any society or person named in the licence who may be willing to take charge of him.

(2) A licence under this section shall be in force until the term for which the offender was sentenced to detention has expired, unless sooner revoked or forfeited.

16. Every licence granted under section 15 shall be in ^{form of} ^{license} such form and shall contain such conditions as may by general or special order be prescribed by the Local Government.

Section

17. Subject to any general or special directions of the Local Government, a licence granted under section 15 may be revoked at any time by the Inspector-General and where a licence has been revoked the person to whom the licence related shall return to the Borstal school.

Section and
Article and
Section

18. If any inmate escapes from a Borstal school or if any inmate absent on licence from a Borstal school removes himself from the supervision of the society or person in whose charge he is placed or fails to return from such supervision to the Borstal school, a police officer may, without orders from a Magistrate and without warrant, arrest him and take him back to the Borstal school and his licence shall be forfeited with effect from the date of his escape or failure to return as the case may be.

19. The time during which a person is absent from a Borstal school under a licence shall be treated as part of the term of his detention in the school; provided that where that person has failed to return to the school on the licence being forfeited or revoked, the time which elapses after his failure so to return shall be excluded in computing the term during which he is to be detained in the school.

STATEMENT OF OBJECTS AND REASONS

The object of the Bill is to provide for the detention of adolescent offenders in special institutions in which they will be given industrial training and other instruction and subjected to such disciplinary and moral influences as will contribute to their reformation. It is now generally recognized that the period of adolescence is the most critical in an individual's life "when the mind is specially susceptible to fresh impressions and when it is peculiarly important to prevent habits of immorality and crime from being formed" and that it is undesirable from all points of view to familiarize adolescents with ordinary jail life and bring them into contact with adult prisoners.

The experiment has been made during the last few years of sending adolescent offenders to the Borstal school at Tavistock in order to bring them under reformatory influences—the main features of the system being the special and individual training of the inmates and conditional release of such of them as appeared to deserve the privilege to enable them to enter the service of society or individuals. The results of the experiment have been satisfactory and the Bill is framed with a view to the expansion and extension of the system.

The chief defect of the existing system is the residence in the Borstal school of many adolescents who, because they are sentenced to short terms, cannot profit by the Borstal treatment. The

present procedure about releases is also cumbersome, as every case has to be dealt with under section 491 of the Criminal Procedure Code.

The Bill is intended to remove these defects. It empowers certain classes of Courts to pass orders detaining adolescent offenders—those who are not less than 16 and not more than 21 years of age—in Borstal schools for a term of not less than three years, instead of sentencing them in the ordinary way to imprisonment. Provision is made, subject to rules made by the Local Government, for the transfer to Borstal schools of adolescent offenders, whether convicted before or after the passing of the Act. A system of conditional releases on licence is also introduced with the necessary provisions for revocation and forfeiture of a licence once issued.

16th March 1925.

NOTES ON CLAUSES

Section 4 enables the Local Government to make rules for the management of Borstal schools.

Section 8 specifies the cases in which detention in Borstal schools may be ordered. It also prescribes the minimum and maximum periods for such detention.

Section 10 empowers the Inspector-General subject to rules made by the Local Government, to transfer adolescent prisoners undergoing sentence in any jail to a Borstal school.

Section 14 provides for the removal to jail of犯人 of Borstal schools who are incorrigible or exercise a bad influence on the other inmates of the schools.

Sections 15 to 19 deal with the grant of conditional licences and their forfeiture and revocation.

B-2

Inspector should furnish the teachers whose names are recorded in the register maintained in his office as per article 218 of the Inspection Code with forms of application for admission signed by or manuscript joined, and on receipt thereof from the candidate he shall enter the signatures according to the instructions given below. Candidates should be informed that they run the risk of losing their appointments or having their grants withdrawn if, after selection, they fail to join the training school on the due date, i.e., Wednesday, 1st July 1925.

4. Two separate lists, one for the Higher Elementary candidates, and the other for the Lower Elementary students must be consolidated in the office of the Deputy Inspector of Schools and submitted to this office with the usual insular statement containing the following particulars:—

(1) Serial number ; (2) name in full ; (3) age on 1st July 1925 ; (4) name of race ; (5) present appointment ; (6) length of service as a teacher ; (7) educational qualification ; (8) language ; (9) school to which the candidate returns after training ; (10) amount of stipend ; (11) remarks.

5. The names of selected candidates should appear in the list in the order in which the subordinate inspecting officers wish they should be taken, i.e., they should be selected in reference to their educational attainments, their service as teachers, the need for their training, and the nature of their appointment, and the school from which they apply for training. Candidates who do not satisfy the conditions of the age-limit under rule 114 of the Madras Educational Rules should not, except in very special circumstances, be included in the list and the selection should be regulated, as far as possible, by rule 112.

6. As regards qualification for admission only those candidates who have passed the usual examinations of the Third Form or Eighth standard and have been found fit for promotion to the Fourth Form or have been awarded an Elementary school-leaving certificate of the Eighth standard as fair or good are eligible for admission into the Elementary Higher class, and only those who have passed the late Primary examination or a corresponding public or school examination, or whose attainments in the opinion of the inspecting officers are not lower than those are eligible for admission into the lower class. Preference should be given as much as possible to candidates whose educational attainments are above minimum requirements. The certificates of general education should be sent in original with the application. The certificates of physical fitness need be produced only by the candidates chosen as applicants. Separate medical certificates need not be submitted by candidates whose applications are signed by an inspecting officer.

7. In the case of teachers employed in Board and Municipal schools class statements should be furnished regarding the nature of the appointment held by them (permanent, temporary, sub. govt., or acting, as the case may be) and whether the local bodies have made any provision in their budgets towards the cost of their training. The intention of the Deputy Inspector is to recruit in rules 122 and 123 of the Madras Educational Rules. The application of each candidate should be signed by the president of local board and in three cases no provision will be mentioned.

8. The number of candidates recommended for each stage should not exceed ten.

9. Teachers employed in Mohammedan schools should submit their applications for training to the Deputy Inspector of the Mohammedan stage.

228. Read, approved and recorded the minutes of the proceedings of the previous meeting held on Friday, the 12th February 1925.

229. With reference to a note by the Traffic Manager, circulated to the Trustees prior to the meeting, recommending that provision be made for the levy of charges for services to be rendered by the Trust in connection with the transfer of cargo by means of wagons from a vessel berthed at a quay to a shed which is not in the vicinity of the quay, the Chairman suggested at the meeting that, subject to sanction of Government, the following be added as sub-clause (5) to clause 15 of Part I of the Trust's Scale of Rates succeeded in G.O. No. 24, Finance (Marine), dated the 16th January 1925—

15 (5).—Transfer of cargo by means of wagons from a vessel berthed at a quay not in the vicinity of a shed.—Wherever, at the request of Loading Agents, dangerous cargo, the handling of which has not been relinquished by the Trust in the Steamer Agents, discharged on to a quay directly from a vessel lying at the quay, is removed by the Trust in wagons to a shed not in the vicinity of the quay, the Loading Agents shall pay to the Trust a sum of 11 annas per ton on cargo so removed. The charge shall cover handling and unloading of wagons. In return for the above charge, the Trust will perform the service of supplying wagons to Loading Agents, free of any hire charges, for being loaded by the latter with the cargo so landed, haul the loaded wagons to site of the shed and unload them in the Trust's shed allotted for the steamer's cargo.

Resolved that the draft addition to the scale of rates, suggested by the Chairman, be approved and be submitted to Government for sanction and, if sanctioned, for publication in the *Port St. George Gazette*, as required by section 44 of the Madras Port Act.

230. Read a note by the Chairman submitting two estimates, one amounting to Rs. 47,000 for filling in with brick work in some of the spaces below the wharves in the reinforced concrete wharves of the Springfield Basin and of the Timber Quay and the other amounting to Rs. 18,000 for necessary repairs to the wharves.

Resolved that the estimates be approved under section 16 of the Madras Port Trust Act and that the expenditures to be incurred on the former of the two estimates be debited to Capital subject to sanction of Government under section 32 of the Act and that on the latter be debited to Revenue head, 3 Engineering and Maintenance, (or) Piers and wharves.

231. Read a note by the Chairman submitting an estimate amounting to Rs. 11,000 for the purchase of the following machine tools for the Workshops—

- (1) One High Speed Planer,
- (2) One Surface Cutting Lathe,
- (3) One Power Hack Saw, and
- (4) One Saw Sharpener.

Resolved that the estimate be appraised under section 7 of the Madras Port Trust Act and that section of Government as required by section 75 of the Act be claimed to the date of the expenditure to capital.

Resolved also to record the minutes, according to circulation on a separate note by the Chairman, to the purchase from Messrs. Perry & Co., Madras, of item (2) of the machine tools above described, at a cost of Rs. 3,118, delivered at the Trust's Stores.

Resolved further that the Chairman be authorised to accept, without further reference to the Board, the bid available after for the supply of the High Speed Planer provided for in the estimate.

342. Read again Resolution No. 306, dated the 24th October 1921, approving, for submission to Government for sanction, in view of the arrangement mentioned in H.O. Min. No. 181, Parasus (Madras), dated the 12th April 1922, certain arrangements proposed by the Deputy Port Commissioner for the term of the A.G.A. Right installed at the head of the North-east anchorage arm of the harbour.

Read a note by the Chairman recommending for approval certain revised proposals made by the Deputy Port Commissioner which is effect annexed to—

(1) the abolition of the lightkeeper's establishment,

(2) the transfer of the lightkeeper's duties, with allowance for the extra work, to the Chief Inspector of the Port and two keepers—the latter being drafted in monthly turns from the crew of the Deputy Port Commissioner's and the Port Master's boats—subject to the inspection of the A.G.A. Right by the Government Inspector of Lighthouses, and in each quarter as may be required by the Deputy Port Commissioner, on payment of a fee of Rs. 10 for each inspection.

(3) the interests of the signalling establishment by the addition of one signaller.

Resolved that the proposals now made by the Deputy Port Commissioner be accepted and be submitted to Government for sanction in lieu of the arrangement mentioned in the Government Order above referred to and of the proposals submitted to them with the Resolution read above.

343. Considered further, with reference to Resolution No. 527, dated the 10th February 1922, the inquiry from Messrs. Shaw Wallace & Co., Agents, The Tank Storage Co. (India), Ltd., as to the terms under which the Trust would be willing to allow them the use of the reservoirs Bay south of the harbour for filling their gauge hole-pit wagons intended for despatch over the South Indian Railway.

Resolved that Messrs. Shaw Wallace & Co., Agents, The Tank Storage Co. (India), Ltd., be informed that the Trust would be prepared to agree that the use be, and, in particular, it is, a standard necessary for carrying on the traffic if they agree to guarantee, for a period of ten years, the amount of yearly sufficient traffic which, based on the charges as the trustee proposed by the Chairman in his note dated the 10th January 1922, would give the Trust a return sufficient to cover its outlay on the line.

344. Read a note by the Chairman recommending that Mr. C. G. S. Corlett, Assistant Mechanical and Electrical Engineer, be appointed to act as Mechanical Engineer on the minimum pay of the appointment, viz., Rs. 1,620 per month, during the period of the extension of leave granted to Mr. T. W. Mair, Mechanical Engineer, or until Mr. Mair returns to duty.

Resolved that, with effect from the 1st March 1923 and until Mr. Mair returns to duty, Mr. Corlett be appointed to act as Mechanical Engineer and that while so acting he may be paid at half the substantiating pay plus half the minimum pay of the post of Mechanical Engineer.

345. Read a note by the Deputy Chief Engineer, supported by the Chairman, recommending, for reasons given, that M.R.B. S. Nagashanmam Appar Araval, Sub-Assistant Engineer, be allowed to continue to draw the duly allowances of Rs. 75 per month, granted to him in Resolution No. 492, dated the 20th January 1922, until Mr. T. W. Mair, Mechanical Engineer, returns to duty or until further orders.

Resolved to approve of the recommendation.

346. Read a note by the Deputy Chief Engineer, supported by the Chairman, recommending that Mr. C. Corlett, Acting Quarry Superintendent of the Trust's Quarries at Pellekunnu, be appointed as acting Workshop Foreman on the minimum pay of the post, viz., Rs. 2,000, with Mr. E. S. Birn who was granted, in Board's Resolution No. 493, dated the 20th January 1922, leave for a period of six months with effect from the 1st February 1922 preparatory to retirement from the Trust's service on the expiry of the leave.

Resolved to approve of the recommendation.

347. Read again Resolution No. 463, dated the 23rd December 1922, promoting the salaries in service up to the 31st March 1923 of M.R.B. P. Krishnasamy Madhavar, Cashier, and M.R.B. A. Balakrishna Rao, Assistant Accountant, in the Engineering Department and deciding that no further extension of service should be granted to them.

Read a note by the Chairman, recommending that, in confirmation of the above quoted Resolution, the last employee be granted, with effect from 1st April 1923, the amount of leave shown against their names preparatory to their retirement from the Trust's service on the expiry of the leave.

Name of employee	Amount and leave
M.R.B. P. Krishnasamy Madhavar, Cashier,	Six months leave on average pay.
M.R.B. A. Balakrishna Rao, Assistant Accountant	Leave on average pay for one month and thirteen days together with leave on half average pay for four months and seventeen days in continuation thereof.

Resolved that the recommendation be approved.

348. Read a note, submitted by the Chairman with reference to Resolution No. 493, dated the 20th January 1922, on the subject of a proposal to alter with effect from 1st February 1922 the scale of pay of the post of Cashier under I. General Charges, (4) Accounts, of the Schedule of Staff, from Rs. 1,620—3—18 to Rs. 1,840—3—22 and to place the present incumbents of the post on the Rs. 1,74 stage of the revised scale with effect from the same date.

Resolved that the proposed alteration of the scale of pay of the post be approved and that the Schedule of staff be amended accordingly.

349. The Chairman stated at the meeting that, consequent on a re-organisation of the Workshop Staff, the services of the undersigned members of the usually paid work-charged establishment had been found to be no longer required by the Trust and applied for sanction in the quest to these of two months' leave on full pay preparatory to the termination, as the expiry of the leave, of their services with the Trust.

Mr. H. E. Jacobs, Lorry Driver.

— P. Narasimha, Gorilla Driver.

Abdul Karim, Assistant Chargehand, Headlong Shop.

Mr. Venkateswar, driver, Elephants Stable.

Resolved that the sanction asked for be accepted.

253. Read again S.O. No. 311, Revenue (Special) (Marine), dated the 15th October 1920, amending the proposal to extend to the crew of the flag "Shirazet" the provisions of the leave rules framed by the Board for employees, other than Harbour Masters, paid from the Madras Pilotage Fund.

Read a note by the Deputy Port Commissioner, supported by the Chairman, recommending the grant with effect from the 15th January 1925 of leave on half pay for a period of four months to Shaikh Ismail Mohammad Jaffer, fat driver of the tug. Read also note by the Chief Accountant stating that motion of the Board necessary to the grant of the leave as the recommendation of the Deputy Port Commissioner is not covered by the leave rules applicable to the employee.

Resolved that the Deputy Port Commissioner's recommendation be approved.

254. The Chairman applied for sanction to the purchase from Messrs. Gledhill Arithurst & Co., Madras, of 40 units of "Pomona" paint, required for painting the hull of the dredger "Madras" and of the "Westcock" at Rs. 17 per cent delivered at the Trust's Stores.

Resolved that the sanction applied for be accorded.

255. The Chairman read the invitation for tenders, published in the local newspaper of the 21st February 1925, for the supply of 2,000 head gauge Burns tools required for the electric oven tracks on the South and the West quays and for permanent-way maintenance and stated that under the powers delegated to him by the Board he proposed to accept the best available offer in all respects—the value per shaper including free delivery to the Trust's premises being estimated at about Rs. 16.

Resolved.

256. The Chairman invited the attention of the Trustees to their Resolution No. 8, dated the 8th April 1924, deciding to grant the South Indian and

the Madras and Southern Mahratta Railway Companies refunds of the difference of harbour dues between those already collected on stores imported by them during the period therein mentioned and those payable on the stores had they been treated as the property of Government, subject to the Companies' execution of a bond obliging them to pay back to the Trust the amounts refunded in the event of the Privy Council upholding the judgment of the Bangalore High Court in the effect that stores imported by Companies working State Railways were the property of Government.

The Chairman also read the letter received from the Agents of the two Railway Companies stating that the Privy Council having now upheld the aforesaid decision of the Bangalore High Court, the bond referred to in the above quoted Resolution, not having been executed so far, was not now necessary and requesting that the refunds due to them be granted.

Resolved that the amounts due to the railways be now refunded and that, in making the refunds, the Trust follow the same procedure as that being adopted by the Customs department in respect of the custom duty refundable on stores in question, instead of insisting, in accordance with the above quoted Resolution, on the execution of the bond.

257. Resolved, subject to sanction of Government which is necessary under section 44 (2) of the Madras Port Trust Act, to approve of the Trust's Traffic Manager's recommendation for remission of dues, to the sum, amounting to Rs. 23,440.

258. Read and recorded a note by the Trust's Chief Engineer, dated the 14th February 1925, submitting for the information of the Board details of contracts made by the Board's Purchasing Agents in England of which information was received during January and February 1925.

The Standard Barometer and Thermometers are read at 8 a.m., 10 a.m., 4 p.m. and 8 p.m. and the daily means are obtained by the application of hourly corrections, deduced from thirty years observations. The datum of the Barometer is twenty-two feet above the level of the sea, and the pressure of the Mean Gauge is two feet from the

ground. The wind, rain and general weather reported are for the current Civil Day—from mid-night to mid-night.

The total quantity of rain collected since January 1st, is 4.18 inches, the average day for the month being 1.25 inches.
